

To Whom It May Concern:

We were adding on to our home and the 1st AC Company that I tried to deal with recommended a system that the city would not even approve. Then when we called Ace, the design, installation, and follow up were second to none. We had a 16+ SEER Bryant Evolution system with the Perfect Air Purifier installed in our home. The system that was recommended and installed works perfectly and we could not be happier. I will only deal with Ace Air Conditioning from now on and will only recommend them to those I know.

Sincerely,

Terry and Linda Bellefleur
